*** The Executive Pack** is for the person who sees the big picture and the big payoff from NU and the network marketing business model. They want to get off to a fast start. They want to build their business with a solid foundation. They see the entry fee as an investment for their future / not a cost.

They want to get higher pay for the team they know they are going to build. They see the \$\$, they want the \$\$, and they do not want to wait for the \$\$ 😊
